# Saroj

*There is always a way  
to feel better.*

*There is always a way to feel better if you have to  
in order to feel yourself. And once you do, just the  
simplest things, like smiling, feeling more love and respect  
to yourself, and all the other things, people and  
things to do. Don't let the negative feel  
better, and you'll be there.*
